

6700P Stringer Notcher

Increased Pallet Production Performance.

The Pendu Model 6700P Stringer Notcher features rugged components and fully-adjustable 9" wide notch cutters. Driven by powerful 30 HP TEFC motors, the cutter heads are mounted overhead for increased ease in maintenance and adjustment. Notching the stringer from the top also provides a more stable stringer when used with the Pendu 4600N Stacker. The 6700P also features 2-1/4" cantilevered arbors and 12" indexable carbide tip cutter heads. For inline use choose the Pendu Model 6400 Notcher.

Model 6700P Stringer Notcher
